## In Memoriam

### Albert "Lee" Smith — 1924-2009

I was saddened to hear of the passing of a friend and NAWCC member of 37 years, Lee Smith. He was the consummate NAWCC member. Lee had a truly fine and interesting clock collection. He served in various official positions in his local chapter. He did a lot of original research on different aspects of horology. He contributed nine articles for the *Bulletin* on many varied subjects, such as the price of clocks, chemical hazards of clock repair, and a very definitive article on marine clocks.

Lee was also an excellent woodworker, and he presented programs on veneering and case restoration. He and his wife Mary attended many regionals where they most often had a table. It was always enjoyable to stop by and chat for a while. Lee was always willing to share his knowledge and help others.

He will certainly be missed as a friend and contributor to the horological knowledge base.

—John Teeter (MI)
